

SUBJECT OVERVIEW

The focus of the L4 Art & Design course is to develop students' imaginative and creative abilities. They will develop their skills using a variety of media in both 2D and 3D. There is an emphasis on developing their direct observational drawing skills. All projects engage students in analysing their own and others' work and reflecting on their progress and achievement.

Subject Topic

Sea Creatures – glazed 3D ceramic sculpture.

Animal Fur – finely observed, detailed close-up painting.

Design Project – illustrations of shoes
and/or related fashion items.

Skills / Attitudes

Sea Creatures

- Learn and apply clay modeling and glazing skills.

Animal Fur

- Learning how to render fur effectively and realistically.

Design Project

- Explore creative design ideas for specific clients.

Skills that apply to all projects include:

- Study the work of artists related to each project.
- Analyse their own and others' work.
- Research, select, develop and plan own ideas as preparatory work.
- Refine composition/final ideas
- Produce informed and refined 2D/3D outcome.
- Review, reflect and evaluate their own work.
