

CHARGEABLE OUTINGS AND VISITS 2017 - 18

The outings set out on this chart show the trips that will require an additional charge to parents. Occasionally, other incidental opportunities arise that we may wish to pursue. The charges indicated are estimates and include transport costs and admission. Prices tend to vary from year to year depending on the size of the year group. If you are concerned about the cost of trips, please contact the Headmistress about possible financial assistance.
