

Highways England  
Quantity Surveyor Degree Apprenticeship

Start your journey  
to career success

## Apprenticeships

### Connecting the country with care

At Highways England, we need bright, talented people to help us to continue to improve and maintain our modern road network, which is essential to the economic growth, prosperity and quality life to our nation.

### Investing in our workforce for the future

An apprenticeship with Highways England is a brilliant opportunity for savvy and enthusiastic people like you to gain an insight into your chosen career path by working towards a nationally recognised apprenticeship.

### Earn and learn

As soon as you start work as an apprentice, you will start earning a competitive salary, learn new skills, and be on your way to gaining the qualifications you'll need to be successful in your role and support your future career progression.

### How long is it?

5 years.

### How do I qualify?

A minimum of 3 A levels or expected at grade C or higher, with a minimum of 112 UCAS points. A minimum of 5 GCSEs grades A\* to C or equivalent grades 9 - 4, including English and Maths grade A or grade 6. Or Level 3 apprenticeship in a construction discipline.

### Is there an age limit?

You must be 17 years old or above to apply, with no upper age limit.

### What will I study?

You will study for a BSc (Hons) in Quantity Surveying, accredited by the Royal Institution of Chartered Surveyors.

### How will I combine study and work?

You'll study for your degree at university on a day release basis, for 5 years. Supplementing your learning with on-the-job training in all aspects of Commercial Management and Quantity Surveying.

### What are the benefits of combining work and study?

Working and studying in a civil engineering and infrastructure environment, you're in the ideal place to acquire the skills and knowledge over those 5 years, to sit your Assessment of Professional Competence (APC) and final assessment to become a RICS Chartered Quantity Surveyor. Highways England will pay your degree tuition fees and provide study support throughout.

### What qualification will I get at the end of it?

- BSc (Hons) in Quantity Surveying
- Chartered Member status of the Royal Institution of Chartered Surveyors (with the letters MRICS after your name)
