

# Interested in a career in mental health or learning disability?

Are you interested in finding out more about the career pathway opportunities we offer?

You can earn while you learn and qualify as an occupational therapist, mental health or learning disability nurse. If you want to return to practice you can apply to our Return to Nursing Practice Programme.

Come along to one of our career events to find out more. Book into short talks and find out what we can offer you.

We provide a wide range of NHS services to people with mental health and learning disability needs - in Devon, the wider South West region and nationally.

We want to meet people from the local community who are interested in working for us, who share our values and who are passionate about making a difference to the lives of people using our services and their families.
