

The Maynard School Admissions

FAQs during School Closure

Can I still register my daughter for The Maynard School during school closure?

Yes! We are accepting enquiries and registrations and still have places available for an immediate start and for September 2020 in most year groups.

How can I find out more about the admissions process?

Our Registrar, Kirstyn Munro, is available on **01392 355998** or admissions@maynard.co.uk. She will be able to chat to you about your application and answer any questions you have. You can also access all our brochures and forms via our website.

Can I come in for a visit or a tour of the school?

Unfortunately we are unable to offer visits or tours of the school at this time, however, we can arrange online meetings and video calls with key members of staff for you. You will, of course, be able to come and have a look around once the school reopens.

My daughter hasn't sat an entrance assessment yet. How does this work?

You will need to fill out a registration form in the first instance, which is available on our website or from our Registrar. We will also need to see your daughter's school reports and will request a reference from her current school. Depending on the age of your daughter, we will either be able to send you a link to an online test, or will send papers out for her to sit at home. We do not assess Pre-Prep pupils, but observe them in a classroom setting.

Does sitting an assessment at home guarantee a place at the school?

If we feel that The Maynard is the right school for your daughter based on the information above, we will be able to offer her a place at the school.

I would like my daughter to join your Pre-Prep Department, how does this work?

We do not assess Pre-Prep pupils, but informally observe them in a classroom setting. If your daughter has visited us before, we would be able to offer her a place to join us in September 2020. If we have not yet been able to observe your daughter, we would be able to register her, but would need to invite her in for an informal observation as soon as school reopens in order to confirm this place.
