Level 6 Accounting Finance Manager (Integrated Degree) BSc (Hons) Applied Accounting

Programme Cost: £27,000

Duration: 4 years.

A flexible programme designed for those who are either new to the Accountancy sector and starting their career journey, or those with varying levels of existing experience looking to upskill and progress their careers.

Gain a range of qualifications whilst gaining valuable real-world work experience. In addition to the studying for a Bachelor's degree, apprentices will study towards their apprenticeship and industry-recognised professional qualifications. Apprentices gain a head start by gaining exemptions for further study at Level 7.

Why Exeter?

- Programme designed for apprentices interested in pursuing a career in accounting, finance or business, or for those already in a role who'd like to further their career and education
- Employers need a flexible course that trains apprentices how to use systems and deliver desired outputs
- Apprentices are advantaged by gaining exemptions for further study at Level 7
- Study at the purpose built, triple accredited University of Exeter Business School, home to the Exeter Sustainable Finance Centre (ESF) and the Finance and Economics Experimental Laboratory at Exeter (FEELE)
- The academic team engage in industry leading research, putting your classes at the forefront of industry.

Topics covered

- Regulatory framework of financial accounting
- UK standards GAAP and IFRS
- Technology in financial accounting
- Compliance with legislation, regulations and governance and professional ethics
- Budgeting and forecasting, including cash flow, credit control and cash management
- HR and stakeholder relationship management
- Taxation
- Audit and assurance
- Production of accurate financial and accounting management reports.

Qualifications available

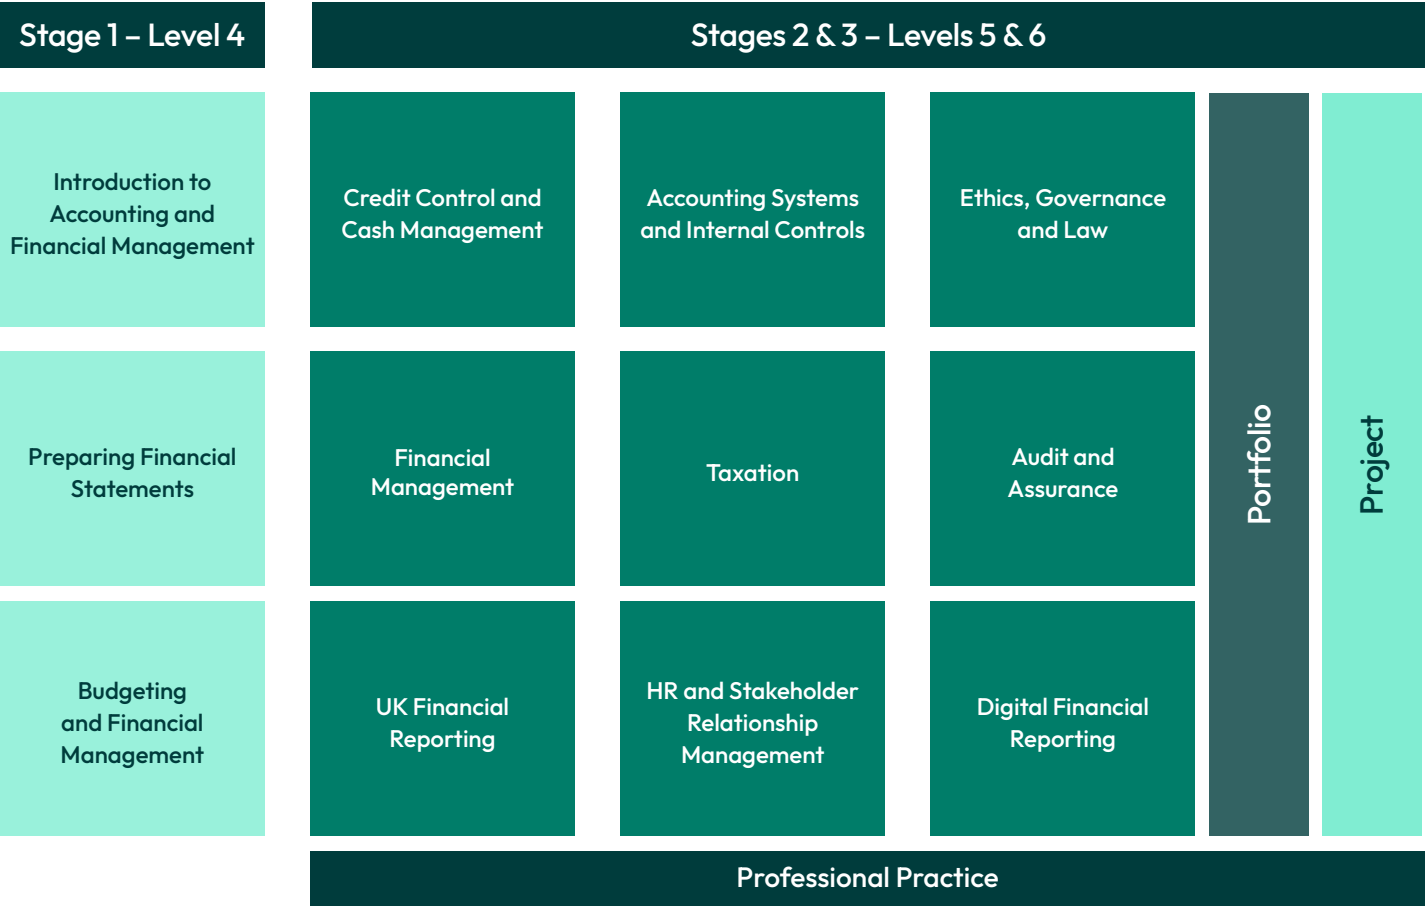

- AAT (unless already achieved)
- Exemptions for further study at Level 7
- Accounting Finance Manager Level 6 apprenticeship
- BSc(Hons) Applied Accounting.

Entry requirements

Entry requirements are agreed with employer partners, and are typically BBB at A Level or equivalent, with Maths and English at 5 or higher at GCSE is mandatory.
